ENVISION  
EMPOWER  
ELEVATE

## SCORES

SOCIAL AND COMMUNITY ORGANIZATION  
FOR REVITALIZATION, EMPOWERMENT  
AND SUSTAINABILITY

**Our Mission** is to empower citizens to build democracy, eliminate inequity, and serve their community. We develop ideas and tools with communities and governments. Together, we envision a future where all citizens are empowered and have the resources they need to elevate their communities.

## OUR MISSION

## THE GOAL

After 14 years of war and several years of relative peace, Liberians still face many daunting challenges to daily living. Families are often forced to take drastic measures, including demanding their children forsake normal childhood activities in order to help provide financially for the family or look after younger relatives. The goal of this program is to ensure that children, youths and adults are given the opportunities to build leadership, entrepreneurship, and responsible citizenship for themselves and people in their communities.

The Liberia Social and Community Organization for Revitalization, Empowerment and Sustainability (SCORES) program is an initiative to implement Community Centers across the entire country in order to encourage children, youths and adults to become active citizens and to participate in government and social change. Our mission is to strengthen families by exposing youth and adults to positive activities that will help them reach their fullest potential. This initiative will use focused programs to:

## THE PROGRAM

Build leadership, character, entrepreneurship, and responsible citizenship.

Provide a positive and controlled outlet where children can play sports, and engage in recreational activities.

Provide academic and literacy support to children and families.

Provide technical assistance and training to local institutions.

## OUTCOMES

As a result of the preliminary implementation of the SCORES program, three communities will have functional community centers that provide services designed to empower and enhance the family and the community in multiple areas serving over 30,000 people.
